

**DECREE 54/2018, of 8 May by which the regulatory bases of the “Carlos V European Award” European Research and Mobility Grants for European Studies of the European and Ibero-American Academy of Yuste Foundation are made public.**

The European and Ibero-American Academy of Yuste Foundation originates from the merger between the European Academy of Yuste Foundation and the Extremaduran Centre for Studies and Cooperation with Ibero-America. It is a public non-profit-making body of cultural, scientific, research and disseminating nature integrated in the foundational public sector of the Autonomous Community of Extremadura and is attached to the Presidency of the Regional Government of Extremadura –as its head office- through the Directorate General of External Action, in accordance to DECREE 321/2015 of 29 December by which the organic structure of the Presidency of the Regional Government of Extremadura is established.

The European and Ibero-American Academy of Yuste Foundation in exercising its assumed powers, as reflected in its Statutes, offers a “Carlos V European Award” programme of European Research and Mobility Grants for European Studies in order to strengthen European integration through training and research, favour debate concerning the process of integration and European construction, promote European values and foster the study and dissemination of European cultural heritage and Europe’s memory.

These grants address researchers who are working on a doctoral thesis in any study field related to the subject chosen by the person, entity, project or initiative winning the Carlos V European Award of the present year and is determined in its annual call, specifying the general guidance where the presented research proposals by the candidates should be framed.

The selected researchers must participate in the Carlos V European Award Doctoral Seminar on Multidisciplinary Studies of Contemporary Europe organised by the European and Ibero-American Academy of Yuste Foundation as part of this programme, and their work shall be published by the Foundation and a prestigious publishing house determined in each call.

The third additional provision of the Subsidies Law 6/2011 of 23 March of the Autonomous Community of Extremadura, as drafted in Law 8/2016 of 12 December concerning tax, heritage, financial and administrative measures, of the Autonomous Community of Extremadura, states that “Foundations and Companies of the public sector within the Autonomous Community may only grant subsidies when, being empowered by their Statutes or their creation norms to this end, they are explicitly authorised by agreement of the Government Council, following the proposal of the Regional Department they are attached to. The approval of the regulatory bases, the previous authorisation of the concession, the functions that derive from the demand of repayment and the application of sanctions, as well as control functions and those which

entail the exercise of administrative powers, shall be carried out by the Administration's competent bodies in each case, in accordance with the provisions included in the present law".

By agreement adopted in the session held in 10 January 2018, the Government Council of the Regional Government of Extremadura authorised the European and Ibero-American Academy of Yuste Foundation to grant subsidies in accordance with the foundational aims and objectives included in Article 5 of its Statutes.

The European and Ibero-American Academy of Yuste Foundation fosters equality and diversity in terms of genre, nationality and culture. All applications that comply with the requirements shall be considered equally despite their racial or ethnic origin, colour, religion, beliefs, sex, opinion, political ideology, sexual orientation, genre identity, place of birth and any other characteristic, condition or personal or social circumstance protected by law. People belonging to minority groups, indigenous groups and those with functional diversity are thus encouraged to participate. All applications shall be treated in a strictly confidential manner.

In light of the above and in accordance with the provisions in the Subsidies Law 6/2011 of 23 March of the Autonomous Community of Extremadura, and prior deliberation of the Government Council of the Regional Government of Extremadura in the session held on 8 May 2018, it is hereby ordered that:

In Mérida, on 8 May 2018.

The president of the Regional Government of Extremadura.
